## PREPARING FOR WAR

Mexico Ready to March on Guatemala.

## TROOPS ON THE FRONTIER.

Twelve Thousand Mexican Soldiers Ready to Cross the Boundary Line and Thousands of Others Anxious to Enlist in the Cause—President Diaz Explains the Situation—The Ultimatum Sent to Guatemala.

CITY OF MEXICO, Jan. 23.—After a very stormy cabinet meeting Monday night, President Diaz notified Guatemala, through its minister, that he would not concede one iota and that Guatemala would have to give in to Mexico's demand or suffer the consequences.

Other Central American representatives here at a meeting made the statement to President Diaz that they understood Mexico was trying to grasp Central American territory. President Diaz denied the assertion and stated that Mexico would have her rights and the boundary lines should be as Mexico claims and that Mexico had all the territory that she needed. It looks as though the other Central American republics were behind Guatemala.

Yesterday all the government students marched in the streets with banners shouting "Viva Mexico!" "Viva Diaz!" and "On to Guatemala." They assembled in front of the palace from 12,000 to 15,000 strong, clamoring for war and pledging their support to President Diaz. They are mainly composed of students of the law and mining and medical schools.

President Diaz made a speech to the parading students and others, stating that he would not recede from Mexico's just rights.

The answer to Mexico's ultimatum is to be received here on the 24th, but President Diaz has notified Guatemala that he will not recede from the original demands. Both countries are preparing for war.

Mexico has been preparing for war for some time and has about 12,000 troops on the border. All the officers that have not been on active duty have been notified to report for marching orders.

## DIAZ MAY TAKE THE FIELD.

The Clericals Flock to the Government Standard.

CITY OF MEXICO, Jan. 23.—An interesting story in circulation regarding the probable outbreak of war between Guatemala and Mexico is to the effect that General Porfirio Diaz, president of the Mexican republic, will take command of the forces on the frontier in person. The report is widely spread in unofficial gossip, and is not without the range of possibility. In the higher circles it is said that General Diaz will not leave his seat as chief executive in the pending difficulties, at least not until his presence is imperatively demanded at the front. The general opinion of those close to the executive is that he will place the command finally in the hands of one of three men to push the Guatemalan invasion.

Those three officers are: General Bernardo Reyes, governor of the state of Leon, and general of a division of the Mexican army; General Jose Vicente Villalobos, governor of the state of Mexico and general of a brigade, and General Louis Torres, governor of the state of Sonora and general of a brigade. Of these three it is pretty well known that the choice of the president is General Reyes of Monterey, who is also the understood favorite of General Diaz as his successor as chief executive of the republic. The Guatemalan war will give the president an excellent opportunity to bring out his protege and push him well forward in public favor as the hero of the Guatemalan episode.

El Tiempo, the opposition government organ of the church in Mexico, has come out for the federal power in the present crisis and announces that by the side of patriotism no other issues are to be compared. It therefore buries the hatchet in a strong editorial, eulogistic of the general government, and says it will not fight the administration until the close of hostilities, when it will again turn its attention to the oppression which Roman Catholics suffer in Mexico under the prevailing constitution.

## PROBABLY A LAKE DISASTER.

The Steamer Chicora, With 30 Persons on Board, Is Missing.

BENTON HARBOR, Mich., Jan. 23.—The steamer Chicora, with 30 persons on board, is tossing helplessly upon the lake or has gone to the bottom. Great alarm is felt here and many believe the vessel has gone down.

The office of the Graham & Morton company is thronged with steamboat men, discussing the big steamer's chances in the gale of Monday night. Some think she attempted to put back to Milwaukee, and was driven north to the straits. One passenger, Joseph Pearl, a young business man of St. Joseph, was aboard.

The officers of the boat were: Ed Stines, captain; James R. Clarke, clerk; Neil Simons, first mate; Ben Stines, second mate; Joseph Marks, W. Holman, Robert McClure, first engineer; Alfred Wirtz, second engineer. Telegrams have been sent to every port on the lake.

## Lake Vessel Saved.

STURGEON BAY, Wis., Jan. 23.—The car ferry Ann Arbor No 1 reached Menominee, Mich., last night, after buffeting the ice of Green bay for nearly 60 hours, the last 10 miles of the trip being made in the teeth of a 50-mile blizzard.

ALLEGED LYNCHERS ARRESTED.  
Two Men Lodged in Jail and Others to Be Arrested.

MOUNT STERLING, Ky., Jan. 22.—Mount Sterling is wild with excitement, two of Thomas Blair's lynchers have been arrested and are in jail, and other arrests are speedily expected to follow. Yesterday afternoon Detective George W. Drake arrested James Roach and Dick Foreman and lodged them both in jail.

The two men have been placed in cells so far apart that they can not talk to each other and the jail doors are barred to all newspaper men, by order of Circuit Judge Cooper and County Judge Orear. Detective Drake has several assistants with him and says he is confident he has the right men. Foreman is a paroled convict. He was sent from this city for 13 years for killing Jerry Cravins.

Ex-Sheriff B. F. Carr and Sheriff Phipps of Morgan county, the home of Blair, who was lynched here, are in the city and are watching with interest the Montgomery county court. They both say unless the citizens do their duty there will certainly be trouble.

## PRESIDENT PENA RESIGNS.

Important Change Made in the Argentine Government.

BUENOS AIRES, Jan. 23.—Dr. Saens Pena, president of the Argentine Republic, sent in his resignation to congress yesterday, and that body proclaimed Señor Uriburu, the vice president, to be president of the republic.

In his message to congress, conveying his resignation, Señor Saens Pena said that he was impelled to resign in view of the decision of congress on the question of general amnesty, which decision, he declared, he regards as a veritable stimulus to military anarchy and a discredit to the nation.

A cabinet has been constituted as follows: Minister of finance, Señor Romero; minister of foreign affairs, Señor Bermejo; minister of justice, Señor Paz; minister of the interior, Señor Zorilla; minister of war, General Winter.

## Fire in a Village.

SPRINGFIELD, O., Jan. 23.—Mechanicsburg, 15 miles south, came near being wiped off the face of the earth early yesterday morning by fire. A sudden change in the wind saved the town, which is without modern fire protection. Two dwelling houses, belonging to Mrs. Bessie McCarthy and Mrs. Baumgardner, respectively, were burned. The occupants escaped in their night clothes. Loss, \$5,000. Springfield was telephoned for help.

## BLIND TOM'S OWNER III.

WASHINGTON, Jan. 23.—General James N. Bothune, former owner of Blind Tom and ex-solicitor general of Georgia, is seriously ill at the residence of his son here, where he came to spend the winter. His daughter is in constant attendance on him. He passed a comfortable night, but though he is doing fairly well his great age, 91 years, makes his family fear the worst.

## WILL LEAVE FOR PALESTINE.

SPRINGFIELD, O., Jan. 23.—Mrs. Helen M. Gougar, the well known lecturer and president of the National Woman's Suffrage association, is here. She and her husband leave next week for the Holy Land in pursuance of a marriage agreement, by which they are to take a trip annually, and will thus, in time, see the whole civilized world.

## Struck by a Door.

MONTPELIER, Ind., Jan. 23.—While passing in front of a livery barn James McCleary, an oil well shooter, was struck by a heavy front door, which was torn from its hangings by the high winds. His injuries consist of several bruises on his body and a four-inch cut on the head. It is feared that the skull and brain are also injured.

## Railroad Extending.

ANDERSON, Ind., Jan. 23.—The Indiana Midland will be opened into Brazil Feb. 3, an official notice to that effect being served on the United States Express company, and all others interested. The line will then be 110 miles long, reaching from Anderson, to the gas belt, into Brazil, at the central point of the coal field.

## Woodchoppers' Fate.

BELLAIRE, O., Jan. 23.—While cutting a large tree near Fairview, in the western part of this county, yesterday afternoon, Charles Buchanan and Whitfield Boyd were caught by a falling top, and pinned to the ground. The former's head was smashed and he is dead. Both Boyd's legs were broken, but he will recover.

## Best Treatise on Electricity.

WORCESTER, Mass., Jan. 23.—Dr. Arthur of Clark university has just been awarded a prize of \$1,000 for the best treatise on electricity. The premium is known as the Eithu Thompson prize. It was international competition and the prize was awarded by a committee in Paris.

## Charged With Murder.

CLAYTON, Ind., Jan. 23.—Word has reached here that a man named Bur Nichols has been arrested as one of the Hinshfiw murderers. He was captured near Coatesville, this state. The evidence against him is strong. The detectives will bring their prisoner here.

## Prohibition Wiped Out in South Dakota.

PIERRE, S. D., Jan. 23.—The senate has passed the resubmission bill by a vote of 26 to 17, which assures the wiping out of prohibition in South Dakota.

## Edward Solomon Dead.

LONDON, Jan. 23.—Edward Solomon, the composer, and one time the husband of Lillian Russell, the opera singer, died yesterday of typhoid fever.

## SHOT INTO THE CROWD

First Fatal Encounter in the Brooklyn Strike.

## ONE BOY INSTANTLY KILLED.

Musket Ball Fired Through His Head by a Militiaman—Another Man Wounded in the Arm—Several Other Encounters of a Less Serious Nature—The Strikers Are Confident of Winning.

BROOKLYN, Jan. 23.—The first fatal encounter of the great strike took place about 11 o'clock last night, when in an encounter with a few boys at the Halsey street station of the Brooklyn City Railread company, a volley was fired by the militia. Henry Ahns of New York was instantly killed, a musket ball entering his mouth and passing through his head. Another man, whose name is Williams, was wounded in the arm. The shooting had the instant effect of dispersing the mob.

The ninth day of the tie-up closed without bringing material change in the situation. It was a day of alarming rumors, which fortunately proved to have slight or no foundation. There were between daybreak and night...all numerous brushings between the police and militia on one side and the strikers or headstrong, law-defying sympathizers, with their cause, on the other.

The linemen's strike, which was to have tied up the trolley lines more effectively than had been done by the strike of motormen, conductors and other employees, was called off before it was fairly on. What influenced the strikers' manager to call the linemen's strike off thus quickly and then to order it on again can not be told. The reason assigned for the latter act is palpable but a pretext. The effect of this move, which the strikers have compared to the playing of a high trump card, remains to be demonstrated.

The developments of the day have not been reassuring, as a whole, in spite of the fact that there are under arms in the city 8,000 of the state soldiers and 1,500 policemen are on duty, intramural traffic is suffering a virtual paralysis in which all the industries of the city participate to a greater or less degree; lawlessness is rampant, and altogether conditions are such as may well excite the gravest apprehension.

The disorderly element in the city has been largely recruited from New York and other cities, and has, as is usual in such cases, arraigned itself with the strikers, a selfish advocacy of whose cause affords a pretext for the perpetration of graver crimes that have yet marked the progress of the pending contest.

An enthusiastic meeting of strikers and their sympathizers was held last night at Labor Lyceum, in Willoughby avenue. The strikers, with their families and friends, were out in full force. As each speaker came forward he was received with wild applause. J. De Long, a business man, strongly in sympathy with the strike movement, claimed that every man, woman and child in Brooklyn was in sympathy with the strikers. On a motion of the chairman, M. J. Bowen, a resolution was passed requesting the mayor to sign the recent resolution of the board of aldermen, condemning the trolley companies.

Adjutant McAlpin, who is here as the military and personnel representative of Governor Morton, had a conference late in the afternoon with Mayor Schieren, Police Commissioner Wells and Corporation Counsel McDonald. The adjutant offered to call out the Third brigade of the New York state national guards to aid in the restoration of order.

He was assured by the mayor that at present there is no occasion for calling out more troops. General McAlpin promised to have the Third brigade ready to come to Brooklyn on a few hours' notice should its presence here be required.

In speaking of the situation, Walter S. Ross of District Assembly No. 75 said: "We have good reason to believe that the company will soon ask us for a settlement. They have got no new men and can not get any, notwithstanding they have recruiting stations in different parts of the state. At Albany they hired 20 men and were to have sent them down Monday, but when the time came to leave that city, the men did not appear. We have everything shut off at Boston, and I don't think they can get any men from any other source."

"We have 20 men doing picket duty all the time, night and day. They patrol the streets in the vicinity of Fifty-eighth street six hours and then we change them. If they see a stranger approach the companies' barns, they intercept him and always succeed in getting him away."

"It don't look as if the railroad companies were going on. Of the 1,600 cars that ordinarily run on Brooklyn Heights, only eight are in operation, exclusive of the Atlantic avenue line. We have advised our men to keep quiet and to do no harm, and as long as they do this we shall have public sympathy with us."

ST. JOSEPH, Mo., Jan. 23.—The school board of this city has decided that no pupils using cigarettes will hereafter be admitted or allowed to attend the public schools. An active war against the cigarettes has been waged here for some time past.

## TWO STORES BURNED.

CHARLESTON, Jan. 23.—The store of A. S. Thominson & Company, and a clothing store adjoining, were destroyed by fire yesterday. The Exchange bank building was also damaged. Loss, \$150,000; partially insured.

## JUDGE RICKS CLEARED.

The House Judiciary Committee Decide Not to Impeach Him.

WASHINGTON, Jan. 23.—The attempt to impeach Judge Augustus J. Ricks of Cleveland failed yesterday in the house judiciary committee by an adverse vote of 9 to 7, and instead of a resolution for impeachment, which Mr. Bailey of Texas had prepared to report to the house, one will be presented denouncing the fee system which, in the opinion of members, has made the proceeding possible.

Judge Ricks gave a personal explanation to the committee of the accounts in the Birdsell cases which he had handled as clerk of the court and which furnished ground for the investigation, and testimony was given against him by Martin W. Sanders, who had been his deputy clerk, and succeeded to the clerkship when Judge Ricks was promoted to the bench. The day's review of the case, which was of a bitter and acrimonious character, changed the opinion of no member of the committee, and the charges were ignored, as it had been expected they would be, when all the members could be brought together for a vote. The case was made largely a party question although Judge Ricks had four Democratic votes, and as the next congress is strongly Republican there is no probability that it will be reviewed.

## CRAZED by His Wife's Death.

ALLIANCE, O., Jan. 23.—James Hayes, a tailor, became derailed from brooding over the loss of his young wife, who died last week, and pulling a revolver shot at a companion, who was watching him. Escaping from the house he called on the physician who attended his wife and attempted to shoot him, but the doctor ran from his office. Next the maniac went onto the street and commenced shooting at passersby. It was an hour before the police captured him.

## Finally Withdrawn.

WILKESBARRE, Pa., Jan. 23.—District Assembly No. 16 of the Knights of Labor has decided to withdraw from the general assembly and will hereafter continue as an independent labor organization. Official action to this effect was taken yesterday. The assembly was organized by T. V. Powderly and since his defeat as master workman by Mr. Sovoreign, the members of the assembly have been more or less dissatisfied.

## A Mason's Suicide.

DAVENPORT, Ia., Jan. 23.—Louis Fied, a former city marshal and deputy sheriff, shot himself in the head with fatal effect because he was short \$200 in his account as financial secretary of a local Masonic lodge. Fied was also secretary of the United Brotherhood of Iowa, in which he was insured for \$1,000. He left a letter directing the payment of the shortage from the proceeds of the policy.

## An Old Town Burned.

ST. LOUIS, Jan. 23.—A special to The Republic from Clinton, Mo., says: The old town of Johnstown, in Bates county, 20 miles west of here, has burned. No means were at hand for fighting the fire and the principal business part of the town went up in smoke. The loss will be almost total, as the insurance was light. This town was the scene of a destructive fire during the war.

## No Foundation for the Report.

GREENVILLE, Miss., Jan. 23.—The brutal murder of a negro at Morehead was followed by the death of the murderer. William Bush asked the negro if he believed Jesus Christ ever rode an ass, and when the negro replied in the negative, Bush said: "You, I will make a convert of you," and shot the negro dead. Bush resisted arrest, and was shot and killed by the officer.

## Verdict of Not Guilty.

HUNTINGTON, W. Va., Jan. 23.—Several months ago Farrell Thompson was shot fatally on Mill creek, in Wayne county, while returning home from church. His cousins, Sam and Steve, were arrested for the murder. The trial of Samuel has been in progress for several days, and yesterday evening the jury, after being out six hours, returned a verdict of not guilty.

## Sons of Ohio in Chicago.

CHICAGO, Jan. 23.—The annual banquet of the Sons of Ohio was held last night at the Grand Pacific hotel, about 300 enthusiastic Buckeyes being present. The speakers of the evening were General J. Warren Keifer of Ohio, General Russell A. Alger of Michigan and General Lucius Fairchild of Wisconsin, the two latter being natives of the state, as well as General Keifer.

## Freak of an Insane Woman.

DENVER, Jan. 23.—An insane woman named Scott, who says Grover Cleveland is worrying her, called at Governor McIntyre's office yesterday to ask him to wire the president "a piece of her mind." She lost her temper and struck Secretary Brewer, in consequence of which she was arrested.

## Five Men Killed in a Mine.

STURGIS, Ky., Jan. 23.—About 11:30 last night five logs of powder exploded in the mines of the Trade Water Coal company, killing five men and caving the mine in on them. About 75 men are at work digging the bodies from the debris.

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & McCARTHY,  
Proprietors.

WEDNESDAY, JANUARY 23, 1895.

Fair weather; west winds

THE BULLETIN published a special from Vanceburg a few days ago telling of Miss Nellie Bruce's narrow escape from drowning while skating. According to the special, she broke through the ice and would have drowned had a colored lad not gone to her rescue. Miss Bruce is a niece of Mrs. J. T. Henry, of this city, and the BULLETIN is informed there was no truth at all in the special. The accident and rescue occurred only in the mind of the imaginative correspondent who makes Vanceburg his home, and who makes a living by palming off on his papers such stories as news.

### A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for consumption, coughs and colds. If you have never used this great cough medicine, one trial will convince you that it has great curative powers in all diseases of the throat, chest and lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at J. J. Wood's drug store. Large bottles 50c. and \$1.

### PERSONAL.

—Miss Anna Gault is visiting at Millersburg.

—Mr. Austin Holmes, of Lexington, is in town.

—Colonel John Herndon, of Louisville, is in town to-day.

—Judge Thomas R. Phister left last night for Vanceburg to attend Circuit Court.

—Mr. Wm. Davis went to Louisville yesterday to see his friend the venerable Dan Spalding who is very ill.

—Miss Mary O'Mara, of Cincinnati, arrived last night to attend the Cummins-Hickey nuptials that took place this morning.

—Mrs. Garrett S. Wall and daughter, Miss Ethelene, left on morning train for Cincinnati to visit relatives and friends for a few days.

—Miss Marie Emeral, of Washington, was the guest of her cousins, Misses Louise McDowell and Lillie Liston of Minerva, last week.

—Miss Maggie Cummins, of Millersburg, arrived Tuesday to attend the marriage of her brother, Mr. Thomas Cummins, that took place this morning.

—Mr. James H. Hall left Tuesday for a sojourn of several weeks in the South in the interest of the James H. Hall Plow Company. He was accompanied as far as Cincinnati by Mrs. Hall, who returns to-day.

—Mr. and Mrs. Cummins, Mr. Ed. Cummins, Mr. Richard Cummins, Mr. James Cummins, Mr. Daniel Cummins, Miss Maggie Cummins, all of Millersburg, Miss Nellie Bowden, Miss Willie Bowden and Miss Mollie Clark, of Flemingsburg, and Mrs. McCrone, of Carlisle, were here this morning attending the Cummins-Hickey wedding.

### MCDOWELL IN MEXICO.

The Missing Bank Cashier From Robertson Was a Fast Liver, and is a Defaulter.

Joseph McDowell, the missing Cashier of the Estill County Deposit Bank at Irvine, has been heard from. He is in Mexico.

Immediately after his departure the bank officials investigated his books and found his accounts all right and \$300 to his credit.

But this was not satisfactory, says a special, so an expert was sent for, who a few days ago found him to be short \$8,000, which represented embezzlement that had been going on for over two years, or since his taking charge of the bank.

He lived a fast life, and his salary being inadequate he used depositors' money. McDowell formerly lived in Robertson County, and his old friends are no doubt greatly surprised at the news of his crookedness.

### The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

If you need spectacles or eye glasses, don't have them fitted in the old haphazard way by anyone who may have them for sale. Consult Ballenger. He examines your eyes scientifically and makes the glasses to fit.

## ELECTRIC ROADS.

All Aboard, Colonel Davis—Turnpikes Are Too Slow.

The Country on the Threshold of a New Era—Rapid Transit and Convenience.

*Editor Bulletin:* In this age of rapid development invention follows so closely on the heel of invention that man scarcely gives the finishing stroke to one masterpiece of art before another of greater superiority has evolved from the brain of his fellow man. Thus the increasing search for knowledge has developed that spirit of excellence in our nature, and so fixed has this axiom become that the highest degree of perfection must obtain in every article which enters into every day use. It is no less true with the vehicle of travel than other avenues of equal importance.

The turnpike has been of incalculable service to man and forms one of the links in the great chain of progress which is leading up to the highest standard of popular requirements; but standing as we are to-day on the threshold of a new era, where speed and convenience form the counterpart of road perfection, the turnpike is just simply not in it.

The progressive farmer as well as the up-to-date business man calculates his time by the dollar measure, and in this age of rapid business transition the farmer finds himself thinking as never before, evolving methods of economy to meet the sharp competition that faces him in every line of agricultural production and shifting his efforts in a direction that will enhance his opportunities and enable him to acquire the best results for the least amount of labor expended. This means tact, energy and activity—more intelligent farming—more brains mixed with muscle.

With these people the turnpike is to-day what the dirt road was forty years ago, and reasoning from this altitude free turnpikes will not prove so advantageous to the mercantile interests of Maysville as many suppose, nor enhance the value of our Mason County farms. Free roads will not shorten the distance to town, will not improve the method of travel, or offer inducements of sufficient magnitude for the farmer to leave his plow and pass his neighboring store for the numerous articles of every day purchase.

Then if we are to expend a fabulous sum of money (for fabulous it will be if we attempt to buy our pikes) to acquire cheaper facilities of travel, let us adopt the electric road system which will free the pikes without incurring the expense of purchase.

*Electricity will do this and at much less cost than the purchase outright of our pikes.*

Select the most accessible outlet from Maysville to the summit of the hills, the Hill City pike for instance; then branch off east to Lewisburg and west to Washington. Parallel the Mt. Sterling pike as nearly as possible to Wedonia; thence to Mayslick, thence to Washington; and back to the entrance to town, thus affording a belt road which reaches out and encircles a section of country unsurpassed in the desirability of its trade.

Start the cars in opposite directions, having one to pass a given point every thirty minutes.

This will enable the country people to patronize Maysville not only in the larger articles of consumption as is the case now, but Maysville can and will be relied upon for every article of domestic use.

With the construction of this proposed route feeders will force themselves from Mt. Gilead, Flemingsburg, Sardis, Mt. Olivet, Germantown and other places of importance, thereby making Maysville the great distributing point for a section of country second to none on the Ohio river in point of population and wealth.

It will bring the merchant in town in touch with the customer living in the most remote section of the county and make it possible for Maysville to absorb all the trade of the surrounding country as readily and with the same alacrity that she does the patronage of her own citizens.

As matters stand now, and it will be no better under the free turnpike regime, it costs the average farmer a day to go to Maysville. By a little extra effort on his part the cost so far as time is concerned is no more to make the round trip to Cincinnati.

With the introduction of electric roads the growing incentive to trade abroad will be checked; the farmer will take breakfast at home, transact his business in town and return by noon, having accomplished as much as he now can in a whole day and at much less cost. I say at much less cost, for it is universally admitted that electricity affords the cheapest motive power known and in whatever form the future mode of travel may come it should be at the lowest minimum cost, but not free. The social-

istic sentiment that is taking such deep root in the mind of man that the world owes him a living and the other fellow must make it, is so repulsive to the dignity of free manhood that it should not enter into the discussion of this subject.

Is it possible to construct a belt electric road with Maysville for its terminus?

If the enterprising business men of your town will take the matter in hand, invite the co-operation of farmers along the route, prevail upon the Fiscal Court to submit a proposition to the voters of the county to subscribe \$50,000, supplemented by \$50,000 from the city, and raise \$75,000 by private subscription, the success of the enterprise goes without saying.

### MR. COX REPLIES.

What He Has to Say in Response to Some of the Ledger's Statements.

Mr. Editor: I am sorry that Mr. Davis did not take the statement of facts given by me last week in a kindly manner. The subject is one that he has been for weeks determined to keep before his readers, and if the subject was considered by the tax-payers of Mason worthy of consideration, they want as a sensible paper to count the cost. As a tax-payer, I am interested in the subject. As a gate-keeper I was able to give them important statistics, such as only a gate-keeper could give, bearing directly on the subject.

Now let him leave out that word "all" in his statement of what he wants, for he is no fool, and he knows he cannot tax all the people, but the tax-payers of Mason only. Let him divest his statement of all demagogry and say fairly and squarely that he is in favor of making the pikes free, and of making the tax-payer of the county keep up the roads; let him give us the amount it will cost to keep up the roads, then give us the amount of levy required to foot the bill. The tax-payers of the county are capable of attending to the rest of the subject, and the editor can rest assured they will do it. And I can tell the Ledger that they won't submit to the dictation of an element in our midst that not only don't pay a poll tax, but are for sale to the highest bidder. The city and county have in the past had to pay several hundred thousand to railroads, voted upon her by that element, but the tax-payers at this time are not in a condition to submit to any more of that thing; and the sooner all parties concur to let that element alone, the better it will be for our county, for God has never taken back the notice he served on his subjects ages ago, that "whatsoever a man soweth that shall he also reap."

Mr. Cox does his own honest nature rank injustice when he suggests, by implication at least, that the tax-payers of Mason County should not furnish roads for the people of Lewis and Fleming to travel over. May we ask if he did not, some years since, reside in the county, and if he did not make frequent visits to this city with a wagon for the purpose of selling garden products? Further, did he pay city taxes to aid in keeping the streets in repair? And did anybody ever suggest to him that he should be required to pay for the privilege of driving on our street—and what would he thought if he had been required to do so?—Ledger.

This being a direct intimation that I

did not practice what I preached, I feel that I am justifiable in asking for space in your paper to defend myself. The time spoken of by the Ledger is over twenty years ago. There was nothing said at that time, that I recollect, about free pikes, and I don't suppose the thought ever occurred to me, or was it suggested to me, that I was running as a "deadhead" on the streets of Maysville. About that time, one fall, I hauled coal for about six weeks for William Wormald with my wagon, and the city did charge me six dollars toll—they call it license.

About the same time some of the citizens on the east side of Limestone (and I think I was about the first to suggest it) concluded it would be a good thing to make what is called the Second street extension, and I did give \$15 towards it. The amount required to do the work, I think, was \$1,500, and was raised by private subscription.

I lived at that time on the south side and east end of what is now Forest avenue. The property-owners on the east end concluded to macadamize it. I gave some twelve or fifteen dollars towards it and several feet off the front of my place, so as to widen and straighten the road. The grounds where I now live in the Sixth ward, as I purchased it, projected out on to Second street seven or eight feet further than the lots above me, and of my own free will, without solicitation, and without compensation, (which the men that want the benefit of the pikes at some one else's expense would not have done) I have set the front fence back to benefit my neighbors and improve the appearance of the street.

There has not been a proposition up before the people of the city or county in the last forty-eight years to vote a subscription to any public work but that it had my vote. I subscribed \$200 in '50 or '51 to the C. and O. road, paid over \$250 in taxes on the county and city subscription to it, and never have received a cent (directly) in return,—never made but one trip on it since, and then I had to pay toll.

Again, while living on Forest avenue, I sent one of my boys a short time to one of the city free schools, but I had to pay \$1 a month for so doing.

Again, last year I did pay the city \$7 tollage for the privilege of sending my horse and wagon down to my greenhouses to haul my flowers to my place of business. And just here, don't Wormald, Davis and every other citizen of Maysville who runs a wagon, cart or dray on the streets of the city have to pay tollage? Call it license if you please, yet it is the same thing; and I will say just here that I think it is just and right.

H. H. Cox.

### WEDDED AT ST. PATRICK'S.

Marriage of Mr. Thomas Cummins and Miss Mary Hickey This Morning.

The marriage of Mr. W. Thomas Cummins and Miss Mary Hickey was solemnized at St. Patrick's Church by the rector, Rev. Father Ennis, at 7:30 o'clock this morning.

The bride is a daughter of the late James Hickey who for many years was a resident of Bernard, this county, and is a young lady who is admired and esteemed by her large circle of acquaintances for her gentle and lovable disposition. She was attired in a beautiful gown of brown silk novelty with velvet bodice, bluette and jet trimmings, with hat to match.

The groom, who is one of Maysville's young and successful business men senior partner of the firm of Cummins & Redmond and a very popular gentleman, was dressed in the conventional black.

The organ was presided over by Miss Mary O'Donnell, accompanied by Misses Celia O'Conner, Grace Ward and Miss Kathleen Murphy on mandolins. The happy couple approached the altar to the music of the wedding march, preceded by the ushers, Mr. Richard Cummins of Millersburg, brother of the groom, and Mr. M. A. Swift, of this city. After the ceremonies the bridal party returned to the home of the bride where an excellent wedding breakfast was served.

The couple left on their bridal tour on the 9 a. m. train, going direct to Dayton, Ohio, and from there to St. Louis, Mo., where several days will be spent with friends. On returning they will take up their residence at 210 Limestone street. They were the recipients of many useful and handsome presents. The BULLETIN joins with their many friends in wishing them happiness and prosperity.

At the prices which I am offering sterling silver spoons and forks you will find it economy to buy sterling goods, in preference to using plated goods. Never have these goods been sold as cheap as I am now offering them.

P. J. MURPHY, the jeweler.

Miss IDA A. MERCER, one of the few lady commercial tourists on the road, is here to-day in the interest of the Portsmouth Stove and Range Works. Her home is at Portsmouth.

Buy oil and gasoline from green wagon. Cans furnished to patrons. C. WETZEL.

DURING the year 1883 the receipts of the City Treasury of Flemingsburg were \$4,500, while last year's amounted to \$7,000.

#### CONDITION OF WHEAT.

Reports Made by Special Correspondents in Ten States.

CHICAGO, Jan. 23.—The Farmers' Review prints reports from its correspondents in 10 states on the condition of wheat and the water supply.

In Illinois the crop has generally gone into winter quarters in fair condition, though having obtained small growth in some counties. Wherever it is covered with snow the prospects are good. Some counties report ground frozen hard with no snow cover. In such cases injury to the plant is feared.

In Indiana the plant is doing well and is generally covered with snow.

Ohio reports generally good conditions. In many counties no large growth has been made, but this small growth is enough to start it well in the spring provided no disaster overtakes it. The snow covering is good.

In Michigan the crop is in fair shape, but too lightly covered with snow in some localities. A few correspondents report conditions as poor, but generally no great damage has been sustained.

Kentucky reports crop in good condition, having been generally fairly protected. The start in some counties was poor, but the plant seems improving.

In Missouri the conditions vary greatly. Considerable damage is reported from drought and poor snow protection. The plant got slow start in number of counties, and has not improved much since. The general average is fair.

In Kansas the condition is generally good, though many western counties report injury by drought. In some fields the grain did little more than sprout.

Nebraska reports condition fair, but plant needs rain in many counties.

Iowa, conditions vary greatly, all kinds of conditions being found. It will average about fair.

Wisconsin reports fair condition generally. In most places the crop is well protected. In some counties snow has not come in sufficient quantity to cover the fields and the plant is winter killed.

In Illinois, Ohio, Indiana, Michigan and Kentucky the water supply is generally good, though a few counties here and there report a deficiency. In Missouri there seems to be too small a supply over much of the state. The supply is good over large areas of Kansas and Nebraska, but the lands most subject to drought report deficiencies. In some counties the ground is hard and dry. The water supply is short over most of Iowa. In Wisconsin the water supply is fair to good.

#### Senate and House.

Doings of the Day in Both Branches of Congress.

WASHINGTON, Jan. 23.—The policy of the administration as to Hawaii was again the subject of sharp attack and defense in the senate yesterday. The personal element in the controversy drew large crowds to the galleries, which at times overflowed into the outer corridors. It indicated little diminution of public interest in Hawaii now that the course of the administration is the main question of discussion. Mr. Gray and Mr. George justified the administration, and Mr. Gray dwelt upon the persistency and vindictiveness with which the president was vilified and misrepresented.

Mr. Lodge and Mr. Hawley made the critical speeches of the day, the former urging the extent of British aggression in the Pacific, while Mr. Hawley made pointed comment on the consideration given to Queen Liliuokalani's representatives who visited the state department after the United States had formally recognized the Hawaiian republic. The debate was still in progress when the morning hour expired and the Nicaragua canal bill was taken up. Mr. Turpie spoke against the measure for three hours and had not concluded when the senate adjourned.

#### In the House.

WASHINGTON, Jan. 23.—The Indian appropriation bill, which has been under consideration for five days in the house, was finally passed yesterday. It carried \$6,494,820 when reported, but, as passed, the total was considerably augmented, one amendment alone (to pay the first installment for the purchase of the Cherokee outlet) carrying \$1,660,000. Several unimportant amendments were added to the bill.

#### LADIES' MONTHLY GEM.

Extent of a Recently Unearthed Swindle at Cleveland.

CLEVELAND, Jan. 23.—Bushels of letters, many of them containing money, from all parts of the United States and Canada, continue to be received at the postoffice for The Ladies' Monthly Gem, the principal proprietor of which is under two indictments for fraudulent use of the mails. All letters addressed to the concern have been confiscated for several days past.

Taking the average daily remittances received as a basis it is estimated that the proprietors of The Gem have reaped a harvest of fully \$50,000 during the past month, and that if the concern had been allowed to run for a few months longer the swindle would have reached stupendous proportions. The scheme of the promoters was to offer a fine gold watch and the magazine for one year for \$3.25 to all who would send a correct solution to a "snap" rebus. In the very few cases where watches were sent at all they proved to be brass and worth less than \$1.

NARROW ESCAPE FROM DEATH. Almost a Holocaust in an Indianapolis Tenement House.

INDIANAPOLIS, Jan. 23.—Shortly before noon yesterday fire started in the Stout building, on West Washington street. The upper floors were used for living purposes, and many inmates had narrow escapes. One woman, after reaching the street, dashed up the stairway to save her jewelry, and was dragged out by two policemen, who rescued her in an unconscious condition.

Fireman McDonald, while groping about on the roof in the dense smoke, stepped on to a skylight below which the flames were bursting fiercely. He went through, but caught the frame work with his hands and drew himself out. The total loss is about \$15,000.

#### FIRE INSURANCE.—Duley & Baldwin.

CIRCUIT COURT is in session at Vanceburg.

GALLON apples, 20 cents a can—Calhoun's.

JOSEPH B. MORAN, of Sardis, has been granted a pension.

THE venerable Dan Spalding is seriously ill at his home in Louisville.

HOW ABOUT that cough? Do you want to get rid of it? Then use Chenoweth's cough syrup. No cure, no pay.

THE Sweeney revival meeting at Paris had resulted in about forty additions to the Christian Church at last accounts.

THE marriage of Mr. John Wells and Miss Brunetta B. Redden of this city occurs to-day at the home of the bride's parents on East Second street.

A ST. LOUIS baseball player has written to Paris asking for the names of local baseball enthusiasts, and inquiring about grounds, etc. He wants to place team in Paris that will be a winner next season.

A SLICK swindler worked the check racket successfully at Portsmouth Saturday evening. The milliners were his victims and they didn't find out until Monday that they had given the rascal good money for worthless checks.

THERE are twenty men in the Logan county jail. The February term of the Circuit Court has on its docket for trial twelve murder cases, and the Russellville Herald says that "the juries in some of the cases will have to be chosen where the newspaper finds not its way."

WINCHESTER DEMOCRAT: "James N. Kehoe, of Maysville, has been prominently mentioned as a candidate for Register of the Land Office. Mr. Kehoe was formerly connected with the Democrat, and has a host of friends here who would be glad to see him enter the race."

THE women of Madisonville will have charge of the Hustler for the issue of February 8th. The Hustler states that "every line therein outside of the advertisements will be written and edited by women, and not a man living shall be permitted under any circumstances to be heard through the columns of this particular issue."

DANVILLE ADVOCATE: "Six or eight homes in Lincoln County have been rendered sad to a heart-rending degree as a result of the Carradine meetings in Stanford. When in these columns there appeared a protest against the hysterical displays at this meeting, several good Danville people considered the reference unfair. Now that reason has been overthrown, hearts been made to burn, and irreparable injury done, even the most fanatical will stop to consider."

MR. ANDREW J. MILLER died January 16th at his home at Bryant's station near Pittsburgh, in the forty-ninth year of his age. He was a son of the late Captain Andrew Miller, President of the Oddfellows Bank at Pittsburgh, and was a brother of Mrs. Robert Bissett of this city. Deceased was a man of fine mechanical skill, and built the first propeller on the river, fitting up a skiff as a pleasure boat. One of his brothers is the owner of the steamer Seven Sons, another is a member of the crew of the Joseph Walton and one of his sisters is the wife of the Captain of the Pacific.

ONCE when Marie Decca, the sweet-voiced "American Jenny Lind," was singing at the Florida Chautauqua an old man arose in the audience in the midst of the programme and requested her to sing "Coming Thro' the Rye," coupling the request with the statement that he had heard Jenny Lind sing the little Scotch ballad in New York City. Mlle. Decca cheerfully complied with the request and was rewarded by the old man rising to his feet at the close of the song and saying that in some respects her voice was even sweeter and more sympathetic than that of the Swedish singer.—Lexington Press-Transcript.

#### THE SHOE FACTORY.

Orders Ahead and Others Being Constantly Received—New Line of Goods Added.

The Maysville Shoe Factory under the management of Superintendent Brodt is doing nicely. It is turning out an excellent line of goods, and a good deal of them. The company has a large number of orders ahead, and other orders are coming in daily.

In addition to children's footwear, the company will begin manufacturing a nice line of Misses' shoes before long.

This enterprise deserves and should receive the enthusiastic support of all our citizens. Remember that Portsmouth's big shoe industry was started on a very small scale some years ago; it now gives employment to thousands of hands.

The aim of every good citizen of Maysville should be to encourage the shoe factory in every way possible.

#### A Hoodoo Sack.

The Bourbon News has received as a present what it calls "a genuine hoodoo sack." The News says it was found under the door step of a Claysville residence and was removed by a friend at the request of the man who was hoodooed. The sack is about an inch square, made of red flannel, and contains a mole's foot, piece of knife blade, quarter of a coin, small pieces of loadstone and petrified twig, some lizard dust, and a piece of lead and a few strands of hair wrapped together with thread, and a piece of a turtle's back. Not one out of ten negroes can be induced to touch the sack, and they claim that it will hoodoo a fellow in love and craps, and bring on sickness, bad luck, besides causing warts and corns. The News will try rubbing its delinquent subscription list with the sack.

#### The Tri-State Telephone Co.

The Tri-State Telephone and Telegraph Company, of Cincinnati, was incorporated Monday for the purpose of constructing telephones and telegraph lines, and carrying on a general telephone, telegraph and messenger business in Ohio, Indiana and Kentucky. The articles provide for construction and operation of lines in each county of Ohio, Indiana and Kentucky.

The termini in Ohio are to be Steubenville, Cleveland, Toledo, Columbus, Ironton and Cincinnati. The Kentucky termini are Frankfort, Louisville, Covington, Catlettsburg, Hickman, Pineville and Pikeville. The capital stock is \$250,000, and the incorporators are M. S. Forbus, Charles W. Baker, William S. P. Oscamp, Michael Ryan and P. R. Budd.

#### KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co., only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
